Procedures under the Additional Contract of insurance for the Insured's treatment in the field of same-day surgery (additional contract).

If any operation from the list of benefits above is performed, you will receive up to PLN 3,000 (under the rules specified in the GTC). The total amount of payment for all reported events (under this additional contract) in the 12-month period of protection is PLN 5,000.

For the first 3 months from the commencement of cover for the Insured under the Additional Contract of insurance for the Insured's treatment in the field of same-day surgery, Allianz's liability shall be limited to events caused by an accident.

A full description of exclusions and limitations of Allianz's liability, in particular with regard to Allianz's lack of liability for the treatment of diseases diagnosed before the date the Insured was covered by insurance under the additional contract, is contained in the GTC.
